

Mihail Musat

Mobile phone: +40 722 21 43 88

E-mail: musat.mihail@gmail.com

Experience overview:

- Projects and People Management
- Training and Personal Development Activities
- Organizational Development and Consultancy
- Social and Educational Entrepreneurship

Projects initiated by me:

Lume Buna (www.lumbuna.ro), March 2008

First and largest online community of positive news from Romania.

Through Lume Buna thousands of young people learn each week about positive developments that the regular media fails to cover.

Incotro? (www.whichway.ro), March 2009

A unique continuous (weekly) personal development experience, present as community both offline and online.

Through this project, in less than an year, 40 young people got the chance to access a self life-coaching, life changing experience, without being concerned of their financial situation.

Eu Cine Sunt? (www.eucinesunt.ro), June 2009

A self help book designed to help people to rediscover themselves.

Through this book (that reached around 2.000 readers online and offline) and its related workshops, in 6 months, over 100 young people in 5 different cities in Romania got the chance to take part into personal development workshops, without being concerned of their financial situation.

Professional experience:

Fundatia Noi Orizonturi/ New Horizons Foundation, October 2008 - December 2008 (3 months)

Internal Consultant

Improve the communication process among the IMPACT clubs all over the country.

- Realized a detailed assessment report for each club and city containing information about
 - current reality (strengths and challenges of the clubs)
 - opportunities and growth ideas (custom for each club and city – seven cities)
 - future possible challenges (and how to avoid them)
- Compiled a final consultancy report which served as input material for the annual and mid term planning (3 years) of the organization regarding the IMPACT clubs development

Hostway Corporation, May 2006 – September 2008

Manager - Romania Research & Development

Coordinate the entire Romanian Research and Development division activity & active involvement in Hostway's Global R&D team distributed in Bucharest, Chicago, Seoul and Vancouver (13 people – developers, project managers, 1 graphic designer and 1 tester (QA)).
